WISH NEWS

WISHES... Granted in 2010: 98 / Granted to date: 589

Makeover Magic

Siti Rathni is a 17 year old girl who suffers from Complex congenital cyanotic heart disease and wished to have an Apple i-phone. Rathni does get to go out much, but she loves looking good and getting nice clothes. Her wish granters got some professional help from Make-up Artist- Amy Chow and Fashion Stylist Karen Ang for some Makeover Magic.

What better way then to start the day with a little bit of professional help from Amy. With Amy's instruction & insider tips, she is now confident in the use and application of her make-up.

Rathni received her wished for i-Phone which was hidden inside a gift basket. She learned tips from her wish granter Deblina on how to use the phone. With this new gadget, she will now be able to update her family and friends on the latest happenings in her life.

With her face and hair done, she was ready to hit the shops. Karen was there to personally style, shop and advice on what would look great. This session with Karen taught Rathni how to mix and match various pieces of clothing that would look good on her in her future shopping expeditions.

After 4 hours of serious shopping, Rathni emerged victorious with a complete outfit from shoes, handbag, accessories, cosmetics and clothes to last this entire season!

As a true die hard shopaholic....she said at the end of the day... " [I really had fun shopping with you guys! Hope to see you again next time :\)](#) "
